Careers   Education   Information   Advice   Guidance

Grow throughout life

Grow throughout life by learning and reflecting on yourself, your background, and your strengths.

Explore possibilities

Explore the full range of possibilities open to you and learn about recruitment processes and the culture of different workplaces.

Manage career

Manage your career actively, make the most of opportunities and learn from setbacks.

Create opportunities

Create opportunities by being proactive and building positive relationships with others.

Balance life and work

Balance your life as a worker and/or entrepreneur with your wellbeing, other interests and your involvement with your family and community.

See the big picture

See the big picture by paying attention to how the economy, politics and society connect with your own life and career.

Programme Overview

Vision Statement

Every student should have high quality, independent careers guidance to encourage them to be aspirational and well informed when making educational and career decisions.

All students should participate in a range of activities to develop a variety of employability skills, preparing them for a working life which is in the best interest of the student being enjoyable and providing economic well-being.
