A message from Redhill Academy Trust

Dear Parents,

I would like to warmly welcome you to The Oakwood Academy prospectus for student admission in September 2026.

As CEO of Redhill Academy Trust, I believe strongly that successful schools have five key values;

- High expectations of all students
- Valuing and celebrating academic achievement
- A commitment to equality and diversity
- Excellent teaching
- Widening students' experiences through a range of co-curricular activities, including sports, music and the performing arts.

These five values continue to guide the development of The Oakwood Academy. Working with Mr Gilbert and the whole staff at The Oakwood Academy, our priority is to support the students and ensure that academic outcomes remain consistently high.

I now believe that the Academy has become the first choice for all parents and children in the local area.

Curriculum

Our vision is for all of our students to have high aspirations, and to be confident, independent and resilient individuals. This will lead them to be responsible, respectful and active citizens who can make a positive contribution to society.

In Years 7-9 students will study:

• Drama	• Music
• English	• Physical Education

During Year 9 we advise students about their options for education between the ages of 14 and 19, and undertake career planning activities. We invite parents to be part of the decision making process. Students who achieve the appropriate qualifications at GCSE to study A-levels or a vocational qualification will, at 16, be able to apply to the Redhill Sixth Form Centre.

In Years 10-11 all students continue to study:

• Physical Education (non-examined)	

Students then have the opportunity to select three subjects from the following options:

Academy Ethos

Your child's learning and development is our most important goal, providing them with an education that will give them the best possible opportunities in life.

By offering to each student a wide range of education pathways and exciting co-curricular activities, we seek to accommodate many and varied talents and aspirations.

This demands the provision of both quality teaching and high quality opportunities. Through continually improving our own teaching and learning, and simultaneously developing our students' independent learning skills, we guide

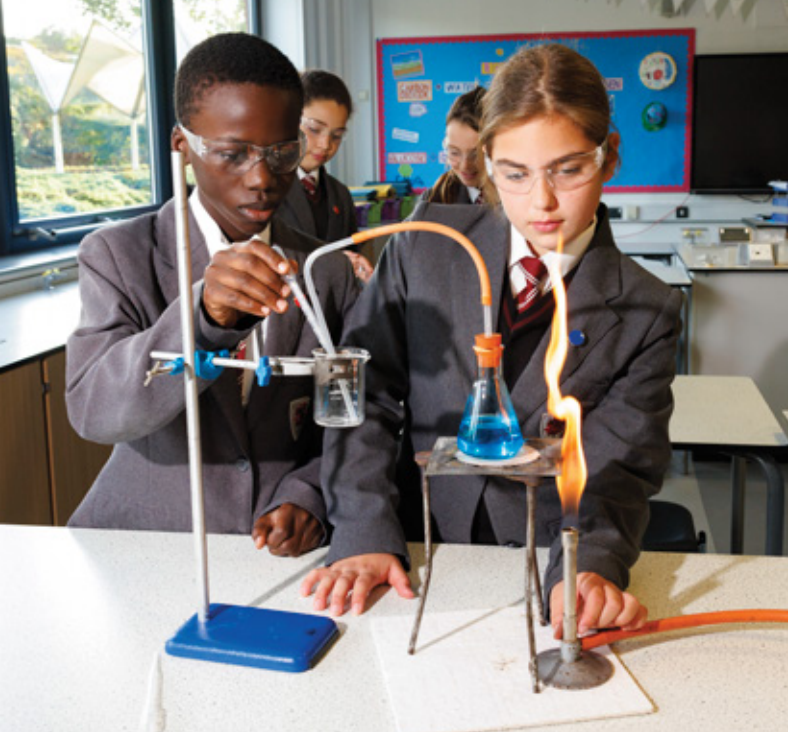

young people on their journey to further and higher education or skilled employment, something we call developing an "Oakwood Student".

Our active encouragement of independent thinking, self-reliance and social responsibility helps students gain in confidence and take responsibility for their development as rounded individuals.

Code of Conduct

We are committed to high standards in all we do and expect all students to show respect for staff, for themselves and for each other, which means:

- Trying to see other people's points of view
- Communicating calmly and clearly
- Helping to keep the classroom environment a place for positive learning
- Helping to make the Academy a pleasant environment
- Moving about the Academy sensibly and co-operatively
- Remembering that they represent the Academy whenever in uniform
- Completing all work to the best of their ability
- Not letting themselves down

“The teachers make
the subjects
exciting to learn.”

Admissions Policy

Applications to Year 7 are managed through the local authority.

Where the number of applications for admission exceeds the number of places available, the following criteria will be applied in the order set out below, to decide which children to admit:

1. Looked after children or children who have been previously looked after
2. Children who, at the time of application, will have a brother or sister attending the school
3. Other children who live in the catchment area at the closing date of application
4. Other children who live outside the catchment area at the closing date of application

If applications exceed the number of places available, the school will operate a waiting list, in which priority for places will be given on the basis of this criteria.

Students who have a statement of special education needs and where the school is named in the child's statement, will be admitted.

Measuring distance

In the event of over-subscription within any criteria, preference will be given to children who live nearest to the school as the crow flies. Distances are measured from the entrance to the child's home to the principal entrance to the main administrative building of the school by the local authority which currently uses a computerised measuring system.

In-year admissions

In-year applications need to be made through the Local Authority. If a place is not available in the year group for which a student applies, the application will be refused and placed on the waiting list. Names are placed on the waiting list in the rank order of our published over-subscription criteria, not in the date order by which they are received. Parents have the right of appeal to the refusal of a place.
